

CEBU INSTITUTE OF TECHNOLOGY UNIVERSITY

The University's Identity

Cebu Institute of Technology – University is a private, non-sectarian academic institution founded in 1946. It provides basic (early childhood, elementary, high school), vocational, higher, and non-conventional or alternative education.

Science & Technology is a way of academic life among administrators, faculty, and students. In the design, administration, and implementation of curricular programs, technology is embedded, articulated, and actuated.
